

HVERLAND®

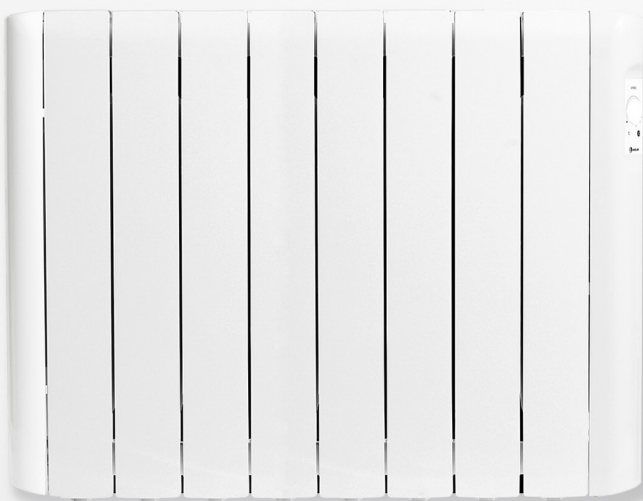

SIMPLY

THE SIMPLE WAY TO CONTROL
YOUR ELECTRIC HEATING.

Simply is the ideal electric radiator for anyone and everyone.

In response to popular demand, it has a simple manual dial that can fully control its functions. Or, it can be fully controlled by our easy to use app for smartphones and tablets, using Bluetooth technology.

From installation to operation, Simply is clever electric heating, at its most simple.

SIMPLE, MANUAL OPERATION

Turn on or off and easily choose your preferred temperature, all with a simple turn of the dial. A coloured light clearly indicates the set heating level.

EASY DIGITAL PROGRAMMING

Use our free app for smartphones and tablets to adjust your temperature settings using Bluetooth technology. You can easily create a fully customised weekly heating schedule, choosing your ideal temperature setting for each hour and each day.

ENERGY SAVING FEATURES

Simply gives you full control of your heating bills, with extra features designed to reduce unnecessary energy use. This includes the ability to temporarily switch itself off if a window is accidentally left open in the room, and a highly accurate thermostat for precise temperature settings.

Additional features:

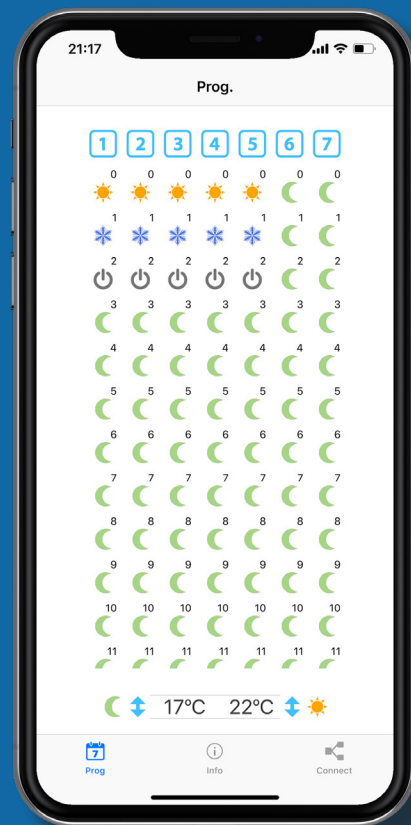

- LOT 20 compliant.
- Thermostat accurate to 0.2°C.
- Adaptive start control.
- 3 temperature settings – Comfort, Economy, Anti-freeze.
- Safety thermal limiter.
- Fast and easy installation.
- Wall mounting brackets included.
- Template supplied to ensure correct positioning.
